CHICKERING & SONS,

PIANOFORTES.

THE subscribers take pleasure in informing the public that they have been appointed **Sole Agents for these Celebrated Instruments for the State of Rhode Island,** and they would invite special notice to their intention of offering for sale at their NEW WAREROOMS a larger and more complete stock of Grands, Uprights and Squares, made by this Celebrated Firm, than has previously been exhibited in this city.

The subscribers have been conscious of the extraordinary merits and sterling qualities of the CHICKERING PIANOS for many years. This has resulted from a large experience in the sale of Pianos, many of which were from the best makers in the country and a careful observation of the various points of excellence attained by each particular maker, together with the opportunities afforded from their close connection with the Musical World, of hearing the most unanimous opinions of the greatest artists in favor of the Chickering Piano, and finally, upon witnessing the last and crowning triumph at the recent Paris Exposition over all the most celebrated makers in the world. The peculiar points of superiority to be found in the **Chickering Pianos** have been so frequently and minutely recited by the Press that we do not consider it necessary in the Card to comment farther upon them. We shall keep in connection with the above, a choice assortment of PIANOS from good and reliable makers at a lower price.

NEW ADVERTISEMENTS.

1000 LOTS

IN THE

CITY OF RALEIGH,

WEST VIRGINIA,

TO BE GIVEN AWAY.

This beautiful city is in Raleigh Co., W. Va., near the Chesapeake and Ohio R. R. It is growing rapidly, and its natural advantages will soon make it one of the largest cities in the State. Lots in Chicago and many other Western cities, which a few years ago were nearly worthless, are now worth many thousand dollars. We expect to see the same rise in the value of property in Raleigh.

Our reasons for GIVING AWAY Lots, is that we own a great deal of property in the city and its vicinity, and we desire to draw to our lands a part of the stream of population from the Eastern and Middle States, which is pouring into this part of West Virginia, along the line of the Chesapeake and Ohio R. R. Of the thousand persons who receive lots from us, some will doubtless settle in the city, while all will be interested to use their influence in our favor and aid us in selling lands near the city. By thus giving away part of our property we expect to greatly increase the value of the remainder.

The fees for the acknowledgment of a deed amount to $1.50, and the stamp required is 50c. Each applicant must, therefore, inclose Two Dollars for these necessary expenses, and he will receive by return mail a **Warrantee** Deed for one full lot; or, the Deed will be sent by express, to be paid for on delivery. In this case the person receiving it must pay the expressage.

An early application will be necessary, as the thousand lots will soon be exhausted. Write your name and address plainly.

Address **JAS. R. STRONG,**

Room 20, 93 William St., New York,

Corner Loafer.—When a man has not brains enough to appreciate any other form of amusement, has not a whole suit of clothes to wear anywhere else, has no money to spend, and is too lazy to earn any, he adopts the profession of corner loafer and can be found hanging around. If he has good luck, one cheek will be distended with a chew of borrowed tobacco, and if the face of fate wears a peculiarly broad smile he will puff away at the stump of a five cent cigar that some one has given him. That he is an intolerable pest and nuisance is a fact he is too thick headed to comprehend, and has not sufficient self respect to heed if he did not comprehend it. The police can do little with him, for the quarters at the station are so much better than he is accustomed to that to be arrested would be a treat. When told to move on, he moves on to the next corner. To appear in print will not hurt his feelings, for he never reads the papers. He is one of the puzzles of civilization. There appears to be no way to reach him, or get rid of him, and we can only wait in patience for the time when his laziness shall make him unwilling to draw another breath.

Predicted in Holy Writ.—Another substantiation that the Bible is of divine origin, is the prediction nearly two thousand five hundred years ago in Ezekiel, first chapter, 15th, 19th, and 21st verses in regard to the bicycle:

"Now, as I beheld the living creatures behold 'one wheel' upon the earth by the living creatures, with its four faces. And when the living creatures went, the wheels went by them; and when the living creatures were lifted up from the earth, the wheels were lifted up. When those went, these went, and when those stood, these stood; and when those were lifted up from the earth, the wheels were lifted up against them, for the spirit of the living creatures was in the wheels!"—*Exchange.*

Mr. Motley.—The London Times says of the new American Minister:—"His reputation as a distinguished man of letters, no less than his diplomatic position, will insure him a hearty welcome in this country; nor is there any type of Minister whom we would receive more gladly than the historian and the scholar. Mr. Motley, however, would be the first to admit that in him we must recognize one who has decided opinions on the matters in dispute between us and the Americans. Whatever may be his social or his historical prepossessions, he is, so far as actual politics are concerned, a thorough representative of the Northern Republicans. We may expect to find in Mr. Motley an earnest and uncompromising supporter of the opinions which are said to be dominant among his countrymen."

A Blind Printer.—The editor of the Green Castle *Banner* says he found a curiosity in a printing office at Gosport. One of the Gentlemen connected with the establishment is a blind man, and sets up type remarkably well. He is the first blind printer we ever came across. He stated to us that his average day's work was 5,000 ems, and that on several occasions he set from 7,000 to 9,000. His matter is distributed for him, and his copy read by his partner, his memory being so perfect he can retain from four to six lines; when this is finished, he cries the last word "set," when another sentence is read, and thus continues on during the day.

Here is an interesting episode of Parisian life. A young man, who was an inveterate gambler, and who in a few years had lost 600,000 francs, had nothing left of a large fortune on the first of January but a few lois, after having sold everything. Almost mad with despair, he determined to try again, and in three days gained 30,000 francs. With this sum in his pocket he left for Nice, where, on the first evening of his arrival, he won 80,000 francs at the Cercle Masséna. On the 10th he returned to Paris with 600,000 francs in his pocket. On the 18th he was worth over a million, which he invested in real estate.

NEWPORT DAILY NEWS.

FRIDAY, April 23, 1869.

FROM EUROPE.—The *Herald's* London special says: The London journals to-day have articles on the Cuban question. The *Telegraph* (Ministerial) is moderate in its tone. It says in regard to the independence of Cuba:

"England is unbiased, but it is best for English interests that Spain retain her authority in the island. We do not say that in any case it would be the business of England to interfere to prevent Cuban independence, but her good offices might be useful to avert a quarrel between Spain and the United States."

The seizure of the brig Mary Lowel is designated a mad act, implicating England, Spain's best friend, in a quarrel with America, unless she resents the insult. The *Telegraph* argues that the Cubans can never willingly attach themselves to American rule.

The *Owl* this evening, says President Grant has run mad on the subject of Cuba and thinks England and France will declare war with the United States if it attempts to wrest the Island from Spain. It continues:

"Grant longs for a foreign war. The prevailing feeling among the present American officials is one of hatred to England, and in a less degree to France."

The *Owl* states that in a day or two a yacht will leave for Cuba on a mission from the government to ascertain the exact position of affairs, and concludes by declaring its belief that a heavy storm is brewing.

OFFICE SEEKERS—FEMALE PRESSURE BROUGHT TO BEAR.—A Washington dispatch says there are dozens of men here who are as certain to appear at the Capitol every day that Congress meets as is the meeting of the body itself. The number of the opposite sex interested in appointments and confirmations appear to be rather on the increase. What on earth can keep a waiting room near the Senate Chamber, as large as two moderate-sized parlors, full of women during the hours of the session, is a mystery to every one but themselves. While Congress was in session some plausible excuse might be made for their presence. It might be that they were the widows of soldiers endeavoring to secure pensions or arrearages of pay, or that they were unprotected and forlorn females who had claims against the government, which they had come in person to prosecute. But under the present circumstances the only conclusion that can be reached is that they are in the employ of the office-seekers, and that female wiles and strategems are among the ways and means by which official position is attained.

A PRUDENT EXPERIMENT.—A gentleman of Oshkosh, Wisconsin, being fatigued with this present state of existence, proceeded to a neighboring stream with a view of trying the water cure as a remedy for the sum of the ills which his flesh had inherited. He had the prudence, however, before trusting himself to an element which might not, in case he should rue, cheerfully consent to a release, to try the experiment with a boulder. Not liking the splash which followed the immersion of his vicarious representative, he renewed his determination, and returned dry to the bosom of his family. The plan was a prudent one, and perhaps, although not perfectly satisfactory in a scientific point of view, the best that could be tried to obtain an answer to the question how he liked it far as he had gone.

While the rubbish of an old building on Olive street, between Second and Third streets, St Louis, was being hauled away, Wednesday morning the flooring upon which a team and wagon were standing gave away, and the wagon and three men were precipitated into the cellar beneath. The falling of the floor brought down a portion of the standing wall, which fell on and buried the men. One of them named Michael Delany was killed; another, whose name is unknown, was badly cut about, the face and head, and had a rib or two broken, and the third escaped with but a few scratches.

The ship Czarwitch, belonging to the American and Russian Commercial Company, has arrived at Sitka, having been sent back to this port in charge of a revenue officer, with a cargo of salt which she took hence. As a number of vessels have cleared for Alaska with assorted cargoes, intending to trade with the Indians and trappers, much anxiety is felt by their owners as to how they will fare in case they fall into the collectors' hands, and become subject to his arbitrary rulings.

Paul Bagley, the missionary, is writing London letters for the Cincinnati Commercial. In a private letter to the editor, he says Minister Johnson advised him to go home, and naively adds: "I am afraid, if the news from Washington is correct, that the old gentleman will get home before I do." He further says that his petition for the release of the Fenians in English prisons is signed by six members of Parliament.

The committee of arrangements of the Bristol Central Agricultural Society met in New Bedford on Tuesday to make arrangements for the next exhibition. Large additions were made to the premium list. A second meeting will be held in Fall River on May 5th.

NATIONAL BANKS.—All national banks have been directed to make a report of their condition as shown by their books at the close of business on the 17th day of April, 1869.

The following recently appeared among the *Herald* personals; B. A. B.,—If you want EMA, come and see us Sunday, for we live in a land of pure delight, where corn beef grows on trees and roasted hens run crying 'Oh! eat me if you please!'"

Methusaleh did not live so long as he might have done had he attended to good advice; for it is written that as he was sleeping on the ground when well stricken in years, an angel came to him and told him that if he would rise up and build himself a house to lie in, he would live five hundred years more. Methusaleh made answer that it was not worth while to take a house for so *short a term*. And so he died before he was a thousand years old.

It appears that Miss Caines notwithstanding a recent statement to the contrary, has been arrested for killing the man McCowans who seduced her under promise of marriage. The Belair (Md.) Democrat of the 10th, in alluding to the arrest says:—"Altogether it is one of the most melancholy and heart rending occurrences that ever transpired within the limits of our county. Both parties are widely and respectably connected, and the event will long cast a shadow of gloom over a large portion of our community.

Ensign pond, at the head of Mill Brook, eight miles from Port Henry, gave way this morning, and the flood carried away the saw mill dams, bridges, barns, ect., and did much damage. At Moriah Centre it swept away the post office, stores, and other buildings. At Fort Henry, which is the outlet of the brook, the water overflowed the banks and struck out in new channels, coursing down through the upper part of the village, doing great damage to the unfinished Moriah, White Hall and Plattsburg Railroad, while the main body of the stream, on its way to a lake, swept away the supports to High bridge, and also a large part of the highway. It is thought the damage done will exceed $250,000.

We fear that Senator Sprague will have a hot reception in Rhode Island this week—if he ventures back there at the close of the session of the Senate. The newspapers, if not the people of the State, are tremendously excited over his personal assault upon those who have heretofore been considered distinguished soldiers in Rhode Island. In other times, Burnside would have been compelled to challenge Sprague to fight. But this would be against the laws of the State, and Burnside will be satisfied with the "ovations" his friends propose to give him. It is said that Senator Sprague is printing 100,000 copies of his speeches for distributions. He had better *revise* the edition he intends to circulate in Rhode Island. If he has determined to fight out the war on the line he has already taken, he has a life-time battle before him. —*N. Y. Times.*

A gentleman at Rockport, Mass., a few months since was the owner of two beautiful canary birds, both splendid singers.—They were kept in different rooms, but within sound of each other, there being only a thin partition between. One day last fall one of them sickened and died; the other continued to sing, but met with no response. The owner took the dead bird and laid it upon the edge of the others cage, when the live one hopped down and picked at the dead one once or twice, then hopped back, and from that day to this, a period of four months, he has not sung a note.—He has been placed in the neighborhood of other singers, but nothing more than a single chirp has come from him. This singular conduct is certainly unaccountable.—Gloucester *Telegraph.*

George Francis Train is engaged in delivering a little course of six hundred lectures. He carries them all in his head, and, as his gab increases and multiplies at a rate that early rose potatoes never dreamed of the "course" is as likely to include six thousand as six hundred eruptions of the eloquence. George Francis delivered his eighty-sixth on Monday night, and the gasometer has not yet lowered a hair's breadth. If that man ever *should* get into Congress!—*Norwich Bulletin.*

SENATOR SPRAGUE.—The telegraphic report shows that there are lively times in Washington among the Senators. The bad example of Mr. Sprague in using foul language seems to have been imitated to some extent in the epithets applied to him in return. We trust the duel hinted at will not take place.

Taunton.

The *Gazette* states that as the wife of one of the citizens was sitting in a back room of her residence on Tuesday a sharp noise was heard. On looking up she discovered that a mirror hanging on the wall was shattered as by a musket ball, and also found a hole in the window. She examined the room but failed to find the missile. The affair remains a mystery.

A man named Steves was arrested in this City for having one too many wives. He married the first in New Brunswick deserted her, and married another.

The fame of the celebrated PLANTATION BITTERS has no parallel in the history of Medicine. The thousands upon thousands of bottles that are made and sold daily is but proof positive of their wonderful virtues. Thousands of Certificates can be produced showing the efficacy and certainty of the cures which they effect, and the Medical Fraternity, usually so jealous of anything which causes persons to think and doctor for themselves, are compelled to acknowledge their wonderful virtues, and prescribe them under other names. They are sold by all druggists.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

ALICE'S ADVENTURES IN WONDERLAND, By Lewis Carroll, with forty-two Illustrations by John Tenniel. Boston, Lee and Shepard.

This is one of the most beautiful volumes which we have ever received from this house which is so famous for its excellent work. The paper, type, illustrations and binding all conspire to make it beautiful. It contents are unique, and the stories really relate to the land of the wonderful. The children will be enthusiastic over it, as it has much of the enchantment of the Arabian Nights and other fairy tales that have attracted the attention of the whole civilized world. There will be differences of opinion as to the merits of this class of reading, but one thing is certain such books will be read as long as they are written. For sale at Hammetts.

THE TRUE WOMAN; A series of Discourses by J. D. Fulton. To which is added Woman vs Ballot. Boston, Lee and Shepard.

This is 9 of Tracts for the people. We have never seen the other volumes, and have no knowledge of their general character. A cursory examination of the one before us shows it to be an earnest argument against woman's claim to the ballot as being opposed to Scripture, reason and common sense. Mr. Fulton is a vigorous writer, and an active reformer, but the new movement he considers a going backward. Aside from their bearing on this question the discourses contain much that is of interest to the general reader and the book has in it many elements of popularity.

THE AMERICAN EDUCATIONAL MONTHLY, for May has an article on The Education of Idiots; Educators Deceased in 1868; The Decoration of School-Rooms; Experiments in Elementary Chemistry; Make Home Happy; Education and Clique and several others of interest to such as look to this substantial monthly for literary food. It is published by C. W. Schermerhorn & Co., New York.

ONWARD. Capt. Mayne Reid continues his stories in his Magazine, some of which are of thrilling interest. The articles, however, are not all serials. The present number has several of special interest, relating to practical themes. The book improves with each number. Carleton N. Y.

A PREACHER'S STRATAGEM.—It is said that, at one time, when Lorenzo Dow preached under a large spruce pine in South Carolina, he announced another appointment for preaching in the same place on that day twelve months. The year passed, as Lorenzo was entering the neighborhood the evening preceding his appointment, he overtook a colored boy who was blowing a long tin horn, and could send out a blast with rise, and swell, and cadence, which waked the echoes of the distant hills,

Calling aside the blower, Dow said to him: "What is your name, sir?"

My name! Gabriel, sir!" replied the brother in ebony.

"Well, Gabriel, have you ever been to Church Hill?"

"Yes, massa, I'se been dar many a time."

"Do you remember a big spruce pine tree on that hill?"

"O yes, massa, I knows dat pine."

"Did you know that Lorenzo Dow had an appointment to preach under that tree to-morrow?"

"O yes, massa, everybody knows dat."

"Well, Gabriel, I am Lorenzo Dow, and if you'll take your horn and and go, to-morrow morning, and climb up into that pine tree, and hide among the branches before the people begin to gather, and wait there till I call your name, and then blow such a blast with your horn as I heard you blow a minute ago, I'll give you a dollar. Will you do it, Gabriel?"

"Yes, massa, I takes dat dollar."

Gabriel like Zaccheus was hid away in the tree top in fine time. An immense concourse of all sizes and colors, assembled at the appointed hour, and Dow preached on the judgement of the last day. By his power of description he wrought the multitude up to the opening of the scenes of the resurrection of the grand assize, at the call of the trumpets peal which were to wake the nations. "Then," said he, "suppose, my dear friends, that we should hear at this moment, the sound of Gabriel's trumpet." Sure enough, at that moment the trump of Gabriel sounded. The women shrieked and many fainted; the men sprang up and looked aghast; some ran; others fell and called for mercy; and all felt for a time that the judgement was set and the books were open. Dow stood and watched the driving storm till the fright abated, and some one discovered the colored angel, who had caused the alarm quietly perched on a limb of the old spruce, and wanted to get him down and whip him, and then resumed his theme, saying: "I forbid all persons touching that boy up there. If a colored boy with a tin horn can frighten you almost out of your wits, what will ye do when ye shall hear the trumpet of the archangels? How will ye be able to stand in the great day of the wrath of God?" He made a very effective application.

An Absolute Safeguard.

Invalids, broken down in health and spirits by Chronic Dyspepsia, or suffering from the terrible exhaustion which follows the attacks of acute disease, the testimony of thousands who, have been raised as by a miracle from a similar state of prostration by HOSTETTER'S STOMACH BITTERS, is a sure guarantee that by the same means *you too* may be strengthened and restored. But to those who stand in peril of epidemics, to all who, by reason of exposure, privations, and uncongenial climate or unhealthy pursuits, may at any moment be stricken down, this paragraph is most *particularly* and *emphatically* addressed. You who are thus situated, are proffered an absolute safeguard against the danger that menaces you. Tone and regulate the system with this harmless medicinal Stimulant and Alterative, and you will be forearmed against the maladies whose seed is float around you in the air unseen. HOSTETTER'S STOMACH BITTERS are not only a standard Tonic and Alterative throughout the United States, but they are accredited by the certificates of the most distinguished citizens of the Union, to the people of all other lands. In Canada, Australia and the West Indies, they are gradually taking the place of all other stomachics, whether native or foreign, and as surely as truth is progressive and demonstration overthrows doubt, they will eventually supersede every other Invigorant and Restorative now employed in medicinal practice.

TEETH WITHOUT A STAIN.—No impurity can infest the teeth cleaned daily with Sozodont. *Quillaya*, the bark of the Chilian Soap Tree, an article which possesses cleansing properties superior to those of any other known substance, is one of the ingredients of this peerless compound. AN INTERESTING LETTER is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla in certain affections, by Benjamin Travers, F. R. S., &c. Speaking of those diseases, and diseases arising from the excess of mercury, he *states that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken, and yet so irritable as renders other substances of the tonic class unavailable or injurious.*

Where he can be consulted on

DEAFNESS, CATARRH, & DISEASES OF THE THROAT,

Deafness, Noises in the Head, Discharge from the Ear, Ear Ache. Catarrh

In its various forms, and Diseases of the Throat, permanently cured.

No charge for Consultation or Examination,

DR. CAMPBELL respectfully calls attention to the fact that his testimonials, as published below, are in the vicinity of Newport, are therefore easy of investigation, either personally or by letter. To all afflicted with Deafness or Catarrh, and who may be skeptical of the truth of the subjoined evidence, he desires to say, he will promptly pay the expense incurred by a visit to any of the parties whose names are attached to the certificates below, providing that on a personal interview, such persons fail to confirm all that they, the certificates, set forth. Hundreds of other testimonials can be seen at his office.

All letters must be addressed, JAS. P. CAMPBELL, M. D., 335 Fourth Avenue, New York City

C E R T I F I C A T E S :

TAUNTON, MASS., JAN. 1st, 1869.

Dr. Campbell, of New York City, treated me professionally two years ago for Chronic Catarrh, with which I had been seriously troubled, for four years. I am happy to say his system of treatment "Radically removed every vestige of the odious disease," which has never since troubled me. I carried out my treatment at home without the slightest detention from business or daily pursuit.

HENRY. WALTON. Ornamental Painter, Adams Street.

NEW BEDFORD, MASS., DEC. 14, 1866.

I shall gladly testify to the extraordinary success of Dr. Campbell, at the Parker House, in the treatment of deafness. He has done for me all that he said he would, and much more than I expected. I can readily hear any conversation, and every particle of noise in my ears has wholly and entirely left me.

ALFRED WOODELL, 72 School street.

NEW BEDFORD, MASS., DEC. 13, 1867.

Under Dr. Campbell's treatment, at the Parker House, I can never express the benefit I have experienced in that loathsome disease, chronic catarrh, which I have been afflicted with a long time. My head feels as though it was a new one, and the palpitation and severe pains of my heart, which have been a great trouble to me, have wholly disappeared, and I am happy to say I feel like a new woman every way.

MRS. MARY E. MORSE, Long Plain.

Worcester, Mass., Oct. 7, 1867.

I have been deaf in both ears for the past five years, so that I could not hear a watch tick when pressed close up to my ear, and all this time have had a dreadful ringing noise in my head. In one week from commencing Dr. Campbell's treatment, all noise in my head had entirely left me, though my hearing for a number of days seemed to grow worse, as the Dr. told me it probably would.

The past week, however a wonderful change in my hearing has taken place, and it is now as acute as that of any man in Worcester. My deafness was caused by "Obstruction of both Eustachian Tubes." I can be seen at the Belt and Hose Shop of Messrs. Grafton & Knight, 37 Front street, where I have been employed the past four years.

HORACE O. HUDSON.

New Bedford, Mass., Dec. 12, 1867.

I also wish to add my testimony to the almost miraculous skill of Dr. Campbell in the treatment of one daughter for deafness and profuse discharges from the catarrh, and another daughter for catarrhal consumption. My youngest daughter, 14 years of age, had scarlet fever three years ago, which left her deaf, with profuse discharges from her ears and nose ever since. Dr. Campbell has entirely cured her.—My eldest daughter is so changed for the better that her nearest friends hardly recognize her.

THOMAS C. TOMPKINS. Little Compton, R. I.

Taunton, Mass., Jan. 11, 1867.

Under Dr. Campbell's system of treatment at the City Hotel, my hearing has been made perfect.

ISAAC C. CARRIER, Jr., Taunton Locomotive Manufacturing Co. Residence, Court street.

Norwich, Conn., May 1, 1867.

I am happy to state that under the skilful treatment of Dr. Campbell, for Chronic Catarrh I have received very substantial benefit. A constant painful ringing noise in my ears has entirely disappeared, and a serious difficulty of breathing, and pain across my chest, greatly lessened and relieved. I take great pleasure in recommending Dr. Campbell to those suffering from these ailments.

WILLIAM P. GREENE, Shetucket Mills Co. Residence, Washington street.

Worcester, Mass., Oct. 5th, 1868.

For some time past I have been suffering with a severe catarrhal affection, which quite impaired my hearing, and induced very painful noises in my head. While visiting a friend, I saw the advertisement of Dr. Campbell in a daily paper, which quite impressed me. I placed myself in his care, and after a few weeks perseverance in the treatment prescribed, I found it had the desired effect, and can most cheerfully say I am more than satisfied and pleased, my hearing being as perfect as I could wish it to be, while all catarrhal symptoms and unpleasant noises in the head are wholly gone.

Very gratefully I sign myself,

PERSIS R. KING, Rutland, Mass.

Worcester, Mass., Oct. 1st, 1868.

I placed myself in the hands of Dr. Campbell in the month of June last, for treatment of Chronic Catarrh, and painful ringing noises in my ears, both of which ailments have troubled me exceedingly for ten years past. I am happy to certify that I am entirely relieved of these distressing complaints, and am personally acquainted with others of undoubted responsibility in this section who have also been entirely cured by the treatment of Dr. Campbell, whom I recommend as a gentleman thoroughly conversant with his profession, and have authorized him to make use of my name.

A. A. TAFT, Milford Mass.

Worcester, Mass., Oct. 14, 1868.

Three weeks pursuance of Dr. Campbell's extraordinary method of treatment for deafness, has entirely restored my hearing. Prior to consulting the doctor (Jan. 3,) I could not hear a clock tick even if I pressed my ear close to it. I can now readily understand and join in any conversation, and last Sunday, I clearly and distinctly heard every word of the minister's sermon at our church, though for five years previous half the time I could not hear even the sound of his voice. I am seventy-two years of age, and well known in this section.

JOHN GILBERT, West Brookfield, Mass.

Springfield, Mass., January 13, 1868.

Five years ago, our daughter, Mrs. Jennie Clark, contracted a violent cold after confinement, which left her totally deaf in her left ear and partially so in her right. With the left ear during the whole of this time she had been unable to hear a watch tick when pressed close it. Under the skilful treatment of Dr. Campbell at the Hampden House, we are delighted to say that her hearing in both ears has been made perfect, as though it had never been affected, though at first she did not hear as well.

A. H. CLARK,
S. S. CLARK,
S. JENNIE CLARK, 12 Oak st.

Worcester, Sept. 21, 1868.

I have been deaf many years from Catarrh, with constant dropping down my throat, and noise in my ears. I placed myself in care of Dr. Campbell on his arrival in Worcester, and am happy to testify that I can now hear any conversation; while the dropping down my throat and noise in my ears has wholly disappeared. I am 39 years old.

MRS. MORILLA N. PRYOR.

Nashua, N. H., January 9, 1867.

Dr. Campbell—Dear Sir! I have carried out your treatment according to directions and am happy to tell you my Catarrh is entirely cured.

Gratefully yours,

MRS. CHARLES C. RUSSELL, Main street, 83, Fisher's Building.

Taunton, Mass., Oct. 9, 1867.

Dr. Campbell:—Dear Sir:—In my case, I am happy to say that, under your skillful treatment, I have entirely recovered the sense of hearing in the right ear, of which I have for three years been wholly deprived.

Very truly yours,

HENRY D. ATWOOD.

New Bedford, Mass., Dec 5, 1866.

Ten years ago I had a severe attack of typhoid fever, which left me *totally* deaf in my right ear.—What I have suffered from noises in the head, I cannot describe, but I have been driven almost insane by them. I was eighteen months under the treatment of the Boston Eye and Ear Infirmary but received no help. I commenced treatment with Dr. Campbell on the 16th of October last, when he was in Worcester. At that time, with my right ear I had not heard a human voice for over *nine years*. I can now close my left ear, and easily converse across the room, or sitting in the kitchen can hear the parlor clock tick when the door is open. *All noise* and bewildering feeling in the head has entirely left me.—I am [illegible] years of age.

MRS. BEULAH KNIGHT.

New Bedford, Mass., Nov 27, 1866.

I am happy to testify, that when I called on Dr. Campbell, at the Parker House, two weeks ago to-day, I could not with my left ear hear a watch tick, when pressed *close up to it*. To-day I hear it tick *distinctly three yards distant*. I shall be glad to verify the truth of this statement.

STEPHEN D. HADLEY, Marion, Mass.

Taunton, Mass., Jan. 9, 1867.

I have from infancy had a *constant* bad smelling discharge from my left ear, with loss of hearing.—Dr. Campbell, skilfully and without pain, removed a large polypus from the ear, and immediately all discharge ceased, and my hearing greatly improved.

WM. J. DONAHOE, Grove street.

Springfield, Mass., June 1, 1868.

Dr. Campbell, at the Hampden House, has professionally treated me for Chronic Catarrh, from which I have suffered for the past 20 years, and under his treatment every vestige of that loathsome disease has been radically removed, and for what he has done for me, I can never feel sufficiently grateful. I had all unpleasant symptoms, together with great difficulty of breathing, bronchial irritation, cough and pain through the lungs. I have before consulted numbers of physicians here and from Boston and New York, but none did me any good. Under Dr. Campbell's treatment, all symptoms are wholly gone, and I feel like a new woman every day.

MRS. HANNAH ALLEN.

Salem, Mass., Feb. 24.

I had been deaf in my ear over thirty years, and of late it has materially increased. In placing myself in the hands of Dr. Campbell, at the Essex House, Feb. 12th, I could not hear a watch tick when pressed close to my ear. Now I can distinctly hear it over a yard, and the public can form their own conclusions. I am sixty years of age, and reside in that part of Salem called Castleville, where I can be seen any evening.

J. S. BUXTON.

Norwich, Conn., June 10, 1867.

Since writing the above, I am pleased to say, all unpleasant symptoms have entirely left me. and I feel every way as well as at any period of my life.

WILLIAM P. GREENE.

Norwich, Conn., June 10th, 1868.

Dr. Campbell's treatment, I am happy to testify, has wholly and entirely removed a Chronic Catarrh from which I have suffered acutely the past five years. I pursued my treatment at home without the slightest detention from ordinary pursuits.

H. NEWTON BROWN, Firm of Williams & Brown, Putnam, Conn.

East Brookfield, Mass., May 19, 1867.

Dr. Campbell—Dear Sir—I am glad to tell you that the largest polypus on one side of my nose is completely cured, and on the other side almost, by the treatment you prescribed for me when you were in Worcester.

Gratefully yours,

GEORGE B. HENSHAW.

Worcester, Mass., Sept. 19, 1868.

I take this method of publicly returning thanks to Dr. Campbell at the Bay State House, for being the means of completely restoring my hearing, having been deaf nine years, from cold contracted while bathing. All noise in the ears has left me, and I [illegible]. My age is 81.

STEPHEN R. GOWER.

Worcester, Oct. 3, 1867.

Actuated by a feeling of sincere gratitude and thankfulness, I take this public method of returning my heartfelt acknowledgement to Dr. Campbell at the Bay State House, for being, by the blessing of God, the means of snatching me from the grave, into which I was rapidly sinking, from the effects of Catarrh. I was unable to work, could eat no food, and when I first saw Dr. Campbell had to be assisted up stairs on both sides. I had constant and profuse discharges of "head matter" from my throat and nostrils, so terribly offensive that my own family could not stay in the room with me, and each day my bedding had to be exposed hours in the open air, to remove the horrible smell. I gave up hope, and looked forward to death as a release from my sufferings.

Under the extraordinary treatment of Dr. Campbell, I am now a new man. All discharge has entirely ceased from my head, nostrils and throat, nor is there a particle of unpleasant odor, I have a good appetite, and am gaining strength every day. My wife, and all who know me in Millbury, consider me as one raised from the grave. Those who doubt it can come and see me. I am 42 years of age, and am now able to attend to all ordinary matters.

JAMES McCLUSKEY, Millbury, Mass.

Witness: W. M. Whitney, Landlord Bay State House

Springfield, Mass., Dec. 30, 1867.

I consider it my duty to publicly acknowledge the complete cure of deafness of 18 years duration, performed upon me by Dr. Campbell, now at the Hampden House in this city. I placed myself in the hands of Dr. C. seven weeks since, and for twelve years previous I had not heard a clock tick. My hearing is now as good as though it never had been affected. I am [illegible] years of age.

DARIUS M. BAIRD, Shaftsbury, Mass.

Springfield, Mass., Dec. 30th 1867.

I shall be happy to personally testify to the very substantial and permanent benefit I have received from six weeks of Dr. Campbell's treatment of me for chronic catarrh and bronchial irritation, to any one calling on me at my store.

JOHN HARRIS, Piano Forte and Music Rooms, 197 and 201 Main st., Hartford, Conn.

Groton Junction, May 7, 1868.

I have been deaf from Catarrh over ten years in both ears especially in my right ear, out of which I could not hear a clock tick or strike. Under the scientific and extraordinary treatment of Dr. Campbell, at the Pearl Street House, I am delighted to say, I can now readily hear any conversation in the lowest tone of voice. I am fifty years old, and shall be glad to verify this statement to any one calling on me at my farm, a short distance from the depot.

VARNUM WOODS, Groton Centre, Mass.

SPECIAL NOTICES.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care,) that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. G. C. GOODWIN & CO., 38 Hanover St., Boston, Wholesale agents. For sale by all druggists. jan1—1y en

TELEGRAMS.

FROM WASHINGTON.

Senator Sprague Denounced.

HARD WORDS.

Burnside Defended.

TROUBLE BREWING.

WASHINGTON, D. C., April 22.

Mr. Nye obtained the floor to make a personal explanation and sarcastically replied to Mr. Sprague's allusions to him in the Senate as a charlatan, and at the serenade as a harlequin. Mr. Nye also, at considerable length, defended the Senate, the profession of the law and the reputation of Burnside and the Rhode Island soldiers.—He criticised and ridiculed the assertions of the Senator from Rhode Island, in view of the virtue and prosperity of the country, and spoke altogether nearly one hour.

Mr. Chandler then, as a former member of the committee on the conduct of the war, eulogized the bravery and skill of General Burnside.

Mr Abbott followed in a similar strain, at some length.

Mr. Morton also spoke warmly in praise of Gen Burnside, and commended especially his brave assumption of responsibility for the Fredericksburg disaster.

Mr. Sprague then took the floor, and proceeded to read from manuscript a speech reiterating his former charges against monopolies and their defenders in the Senate, referring with bitterness to the presiding officers.

He also compared the attack of Nye upon him to the barking of a puppy dog, encouraged by the presence of a mastiff. In vindication of the soundness of his views, he read complimentary letters addressed to him by the national board of trade and many individuals throughout the country.

At the conclusion of Mr. Sprague's speech, the Secretary read some remarks of Mr. Brownlow, in vindication of Gen. Burnside.

Mr. Cameron also spoke briefly to the same purport.

Mr. Abbott, of North Carolina, sent up, to be read, the words uttered to-day by Mr. Sprague, telling the story of a puppy and mastiff, and said his intention was to ask the Senator from Rhode Island if he intended to apply the term puppy to him. If he did, he (Abbott) intended to ask a retraction as full as the implication, and if that was refused, his intention was to ask for satisfaction out of this chamber. He gave notice, inasmuch as the Senator had skulked out of the chamber, that he intended to have satisfaction out of the chamber.

Mr. Sumner rose to a point of order, and stated that the Senator had avowed his determination to violate the law of the land.

Mr. Abbot denied making such announcement.

Mr. Sumner that he violated the rules of the Senate and called on the Chair to take notice of it.

At Mr. Thurman's instance, Mr. Abbott's words were read by the reporter, and the President *pro tem.* decided that they were not necessarily a declaration of an intention to violate the law of the land.

Mr. Thurman submitted that they required explanation at the hands of the Senator from North Carolina.

Mr. Abbot stated that he was not educated as a duellist and did not mean that sort of thing, but he meant to say that the Senator must make a retraction as broad as the assertion. [Cries of order.]

Mr. Nye *sotto voce*—spank him.

Mr. Wilson moved to go into executive session.

Mr. Abbott continued, that he should have that satisfaction outside this chamber.

The President put the question and the Senate again went into executive session.

FRANKLIN MUTUAL FIRE INSURANCE CO.

WOOD'S BUILDING, No. 12 South Main, Cor. College Street, Providence.

INSURES FIRST-CLASS DWELLINGS AND CONTENTS ONLY.

AMOUNT AT RISK, $4,600,000.

The object of a Mutual Company is to furnish Insurance to its policy holders at the actual cost, and the main thing to be considered is, what conditions are most favorable to make the actual cost as near NOMINAL as possible. This Company will insure nothing but Dwellings and Household Furniture, which experience has shown to be the SAFEST OF ALL INSURANCE RISKS, thus putting the liability of losses at the LOWEST POSSIBLE STANDARD. The premium charged is sufficient to cover all probable losses and expenses during the term for which the policies are issued, thus avoiding the necessity of assessments, which are always *distasteful and expensive*. The insured receive all the profits,—every dollar, after deducting the necessary expenses, being invested for their benefit, and returned to them at the expiration of their policies, thus offering one of the safest and cheapest systems of Insurance.

No. 21 Endicott Street, Boston, Mass., is so arranged that patients never see or hear each other. Recollect the ONLY entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape Imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by *the dead*, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TESTIMONIALS.

The Waters' Pianos are known as among the very best.—*N. Y. Evangelist.*

We can speak of the merits of the Waters' Pianos from personal knowledge as being of the very best quality.—*Christian Intelligencer.*

The Waters' Pianos are built of the best and most thoroughly seasoned material.—*Advocate and Journal.*

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine*

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet Music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for years), of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and *first-class instrument*. Stronger endorsement we could not give.—*Home Journal.*

COMPLAINT.

Important Certificate.

Having been afflicted with chronic disease of the digestive organs, (described by physicians as enlargement of the liver and inflammation of the stomach,) for more than ten years, and suffered what words can never describe, without relief from the most celebrated medical skill that could be consulted, I was induced by the physician who last attended me to try **Dodd's Nervine and Invigorator.** He had witnessed its effects, he said, in his own practice, and could recommend it in the highest terms. I had about lost faith in everything; but I followed his advice, procured the medicine.—The effect inspired me with hope. I continued its use, and still improved; following it up, I grew stronger and stronger, and suffered less and less from my troubles. This for some months—until I was relieved and needed it no longer. Dodd's Nervine restored me to complete and sound health, and no language is able to express the gratitude I feel at being well once more. I am thoroughly cured of the horrible suffering that had made ten years of my life most wretched. No one can conceive my joy who has not experienced a like recovery. S. B. LIBBY,
